Introducing Meisner Services' Parking Lot Maintenance/Repair Service

- **No more dark parking lots!**
- **Customers know you are open for business!**
- **Employees feel safe walking to their cars at night!**

Meisner Services' bucket truck accommodates maintenance and repairs of building lighting and parking lot poles up to 35 feet in height.

No more surprise bills in the mail!

Our pricing (call to ask for our price list) takes the guesswork out of how much the service will cost. The price quoted is the price you pay.

Our well-stocked truck insures prompt service!

Our bucket truck is stocked with many bulbs and ballast so the repair is completed quickly and at the price quoted.

Special offer to our new customers – SAVE \$100.00 off your first bulb or ballast repair of four or more fixtures!
